

Year 5 Home Learning - Geography

W/C 20.4.20 and 27.4.20

Task 1

Research a country of your choice in Europe. Find out the following information:

- What is the capital city?
- Where is it located in Europe?
- What countries border (surround) it?
- What is the population?
- What does the flag look like?
- What language do they speak?
- What traditions do they have?
- What food do they grow/eat?
- What is the main religion?
- What is the climate like?
- Does it have any famous landmarks?
- Does it have any main physical geography features? (rivers, lakes, mountains etc)

You can present this information in any way that you like. You could present it as a PowerPoint presentation, a poster, leaflet - the choice is yours!

Task 2

Compare and contrast your chosen European country to the U.K using the key points you have researched to help.

What similarities do they have? What are the main differences?

Which country would you rather live in? Why?
