Dear Year 5,

My name is Adam - you may have seen me on the TV programme Man Vs Food. For the past 4 years I have been travelling around America trying to complete food challenges. I have been eating unhealthy food for so long that it is starting to have an effect on my clothing size! I have included a picture of me before I started these challenges and a photo of me now. (I think you can see the difference...) Anyway I have decided that I am going to open my own restaurant which offers lots of tasty alternatives to fatty fast foods. I was hoping that you would be able to design and make a tasty healthy burger that I could sell in my restaurant. Are you up to the challenge?

The burger must:

- be made with beef
- be as healthy as possible
- contain 3 toppings
- be very tasty
- be easy to make
- come in an attractive and colourful box

I am also hoping that you can undertake some market research to find out what is popular, I want this burger to be a best seller!

Yours Sincerely,

A Richman

Adam Richman
