

This week's English reading activities will continue to explore chapter one of the text 'Jazz Harper, Space Explorer'. Children will use their skimming and scanning techniques they learnt last week and apply them to a specific type of retrieval question.

Each PowerPoint will start with a quick word of the day activity. These are design to be short, snappy activities. They usually last about 5 minutes in class.

This document will give you an overview of the activities and explain which online documents link to each activity.

These can be viewed on a mobile phone/tablet/laptop/computer and completed in a range of ways e.g. verbally or on a separate piece of paper. Tasks do not have to be printed. If you feel your child can't complete a task without printing, and you do not have access to a printer, then do not worry about completing this task.

We would love to see your learning through dojo 😊
