

Lesson Ten

I can edit and improve my
warm write

Now is time for you to read your warm write carefully and check you have included the following things:

- Title
- Image with caption
- Written in columns
- Facts and opinions
- Parenthesis
- Written in the past tense
- 3rd person (he, she, they, it)
- Key events
- The 5 W's

Work through your warm write checking you have the identified the features. Edit it using a different colour, then write up your hot write on a new template, or just a plain piece of paper with columns drawn.

Remember, the hot write is the final piece, so try your hardest and show off your work! :)

Share your newspaper report with us!

Once you have finished your newspaper report, if you would like to, please share it with your teacher on class dojo! We would love to see your work! 😊
