Dear Parent/Carer

HCAT Catering

We are excited to share with you that from next term, all our catering will be run in-house. The staff who currently provide our school catering have transferred to HCAT from our Contract caterers and are looking forward to providing healthy, nutritious lunches and Breakfast Clubs to give a great start to the day for the children in our schools.

In making this change, we are able to have a greater freedom to plan menus that we know the children will love, and we hope that you will work with us to encourage your children to choose the school meal option as often as possible.

Booking and payment for school lunches will be made through Parentpay.

The new menus will be available on Parentpay and the School Website shortly.

Yours sincerely

The HCAT Catering Team
